

Let Your Fire Fall Lyrics – by Alabaster Grace:

Verse 1

Jesus, You came to earth  
To set Your people free  
And when You left, Your Spirit came  
To give us life to breathe

Pre-Chorus:

The fire, the cleansing  
The power revealing  
The depths of who You are  
The fire, the healing  
The power renewing  
The depths within our hearts

Verse 2:

Holy Spirit, fill us now  
Fill us with Your fire  
Breathe on us, Your breath of life  
Fill us with Your power

Pre-Chorus:

The fire, the cleansing  
The power revealing  
The depths of who You are  
The fire, the healing  
The power renewing  
The depths within our hearts

Chorus:

Oh....  
Let Your fire fall down in us  
Let Your fire fall  
We need You, Lord  
Let Your fire fall, Let Your fire fall

Bridge:

We need You,  
We need You  
We need You, Lord, Fill us up (repeat)
